Old Montgomery Road Water Relocation to Begin

ELLCOTT CITY, MD – A Howard County construction project to relocate public water along Old Montgomery Road in Columbia is scheduled to begin on or about Monday, March 29. The project will include the relocation of approximately 250 linear feet of a 12-inch diameter ductile iron water main to facilitate the future road improvements to Old Montgomery Road. The majority of the work will take place along the westbound lane of Old Montgomery Road between Brightfield Drive and University Drive. Weather permitting, the project should be completed by mid April.

Impact on residents in the surrounding area should be minimal. During weekdays, there may be delays during the hours of 9 a.m. to 3 p.m. as a result of slow moving traffic. Flagging operations will be in place to direct traffic as needed, and signs will be posted to advise motorists of the construction.

For questions or concerns about Capital Project W-8298, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440, or by e-mail to publicworks@howardcountymd.gov.
